Take our Open Book Test and maybe win a pair of Bose 901 speakers.

Sometime this school year, six lucky (and smart) college students will each win a pair of Bose 901 Direct/Reflecting® speaker systems worth about $800 a pair.

The winners will be flown, expenses paid, to enjoy a night on the town in Boston. Then, next day, they will tour the Bose factory in Framingham, Massachusetts. They will participate with Bose engineers and marketing people in a University Audio Seminar. And, they will receive their newly won Bose 901 speakers.

The catch? There isn't any.

All you have to do is take a short test composed of several easy questions (we send you the material in which to find the answers), then sit back and hope.

To get your test, just fill out and mail the coupon below. And, while you wait for the test to arrive, it's not considered cheating if you go to a Bose dealer and listen to the great-sounding line of Bose Direct/Reflecting® speakers.

You might even decide to buy a pair. After all, a little research before the test couldn't hurt, even if it is open book.

I'm ready. Send me everything I need in order to take the Bose Open Book Test.

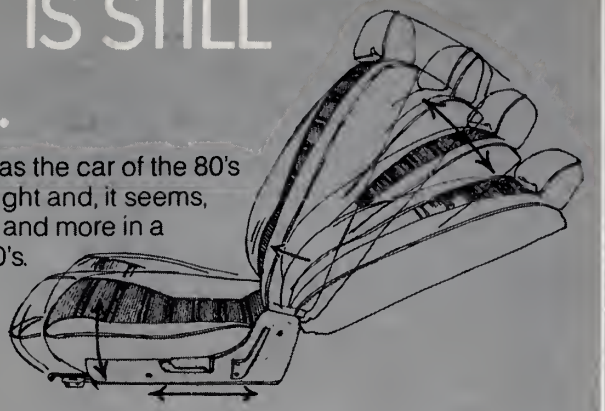
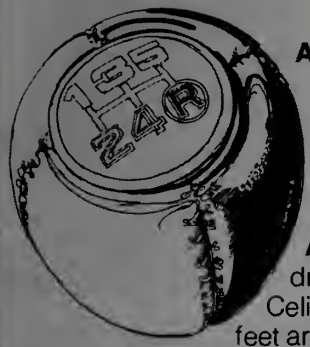
THE CAR OF THE 80'S IS STILL THE CAR OF THE 80'S.

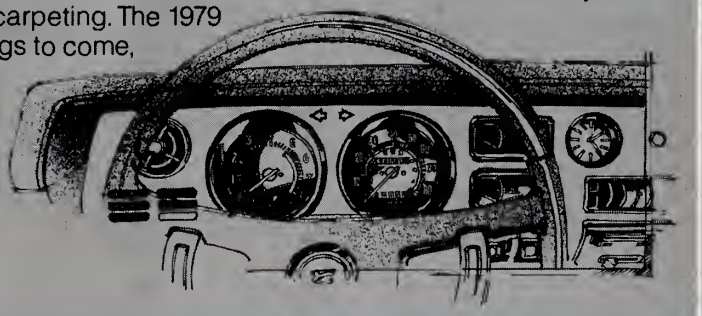


The Toyota Celica. We introduced it last year as the car of the 80's Since then the Celica has been praised, bought and, it seems, even copied. If you want your money's worth and more in a Grand Touring machine, see the car of the 80's. The Toyota Celica. It's a car you can live with for a long time.



A GT for the years to come. Not only is the Celica designed to carry you into tomorrow, it's built to last the trip. Welded unitized body construction helps keep it tight and practically rattle free. Extensive rust inhibiting processes help preserve body integrity. And the MacPherson strut front suspension, power assisted front disc brakes, and 5-speed overdrive transmission will make the trip to the future fun.

A car for today. The Celica is comfortable, dependable and very well equipped. The driver is cradled in a fully reclining bucket seat with an adjustable lumbar support. The Celica GT wows your ears with AM/FM MPX Stereo radio sound—all standard. And your feet are cushioned with wall-to-wall carpeting. The 1979 Toyota Celica. The excitement of things to come, a better standard of driving today. That's Toyota value.



YOU GOT IT.

IF YOU'VE GOT IT TOGETHER, WE'VE GOT IT TOGETHER.

When you reach the point where simplicity and function mean more to you than impressive gadgetry, you're probably ready for component stereo without components.

Centrex stereo. By Pioneer.

The KH-7766 model shown here delivers a very component-like minimum RMS output power of 12 watts per channel into 8 ohms. Over a frequency range of 40 to 20,000 Hz with no more than 0.8% THD. Delivered through a pair of component-quality, three-way loudspeakers.

All that. Plus an FM capture ratio of 1 dB. A power amp with click-stop bass and treble, and loudness. An automatic record changer with moving-magnet cartridge. A cassette deck with wow and flutter less than 0.15%.

At a price less than that of many leading component systems.

So if your Pioneer dealer is lucky enough to have Centrex music systems in stock, be quick enough to grab one.

Take it home.

Plug it in.

And while it may not look like the biggest thing in the room, it'll certainly sound like it.

IMPORTANT CHANGES

Students should be advised that the University will make no deferment for payment of fees or allow registration after the last day to add.

It is also important that the student read carefully the information on "Expenses at the University" in the Addenda to the 1978-79 Catalog section of this publication.

NEW STATE BOARD OF REGENTS' ACADEMIC STATUS AND RETENTION POLICY

The following minimum academic status and retention standards became applicable for all undergraduate students at Memphis State University in the 1978 fall semester.

Some procedures related to the implementation of the academic status and retention policies are outlined in the following comments. (The complete policy is stated in the 1978-1979 Bulletin on page 43.)

MEMPHIS STATE UNIVERSITY UNDERGRADUATE SLIDING SCALE RETENTION POLICY

A student is academically deficient when the grade point total is less than twice the number of cumulative semester hours attempted.

A student will be placed on academic probation at the end of any semester, term or summer session(s) when the cumulative grade point average (GPA) falls below the minimum required GPA on the Sliding Scale Retention Policy.

A student on academic probation who fails to raise the cumulative grade point deficiency at the end of the next enrolled semester, term or summer session(s) to at least the required minimum on the Sliding Scale Retention Policy will be suspended.

A student who incurs a first suspension must remain out of the University one semester or full summer session.

A student who incurs a second suspension must remain out of the University one full calendar year and will be readmitted by the Office of Academic Status and Retention only on the basis of maturity, interest and motivation.

A student who incurs three or more suspensions is indefinitely suspended and will be readmitted only on special approval by the Retention Appeals Committee based on adequate evidence of ability, interest, maturity and motivation.

A student on academic probation will not be suspended at the end of any semester, term or summer session(s) in which the grade points earned are twice the number of semester hours attempted. This is equivalent to a "2.0 semester GPA."

A student on academic probation who withdraws from the University during the first probationary semester will be "continued on probation." Withdrawal by such a student from any subsequent probationary semester will be treated as an "academic suspension" requiring clearance from the Academic Status and Retention Office for any future registration.

Request for information regarding the Retention Policy should be made to the Academic Status and Retention Office, AD Bldg., Room 165, phone 454-2398.

ADMISSION PROCEDURES

New students planning to enroll for any credit course or on an audit basis must be formally admitted to the University. Admission to the University must be fully cleared before any registration is authorized. Any student who meets admission or readmission requirements after December 1, 1978 cannot be assured of registration before the first day of classes. Any non-Tennessean who resides more than 150 miles from the University must file an application for admission or readmission prior to December 1, 1978. Anyone failing to do so cannot be assured of being considered for admission.

New Applicants

Applications for admission, detailed instructions concerning admission procedures, and regulations for all student levels may be obtained in the Admissions Office, Room 215, Administration Building. After 4:30 p.m. and on Saturday mornings, these may be obtained in Room 165, Administration Building, or by telephoning 454-2393.

Former Students

A former student is defined as a student who (1) has previously been enrolled at Memphis State but (2) was not enrolled during the previous semester. Undergraduate or graduate former students desiring to be readmitted may obtain an application for readmission from the Readmissions Office, Room 163, Administration Building. Former undergraduate students entering Graduate School are not "former students" for readmission purposes. They are new graduate students and must be properly admitted to graduate school as new students.

Graduate students who have not attended Memphis State in the past 5 years or longer must apply for readmission at least 3 days prior to Graduate Registration in order to complete registration on time.

Transferring Credit to MSU

In order for completed additional course work to be transferred from another university and recorded on the student's permanent record, the student must request that an evaluation of the additional course work be completed by the Transfer Affairs section of the Admissions Office. After the student has been admitted as a regular undergraduate, whether he is a beginning freshman or a transfer student, it is recommended that he consult with his adviser or the Transfer Affairs section of the Admissions Office if he anticipates enrolling at another college or university for the purpose of transferring credit to Memphis State University.

Residency Classification

All determinations concerning classification of in-state and out-of-state students for fee-paying and other purposes are made in the Office of Admissions. The determinations are based on the regulations and guidelines of the State Board of Regents. Copies of the guidelines and regulations used in the classification of students for fee-paying purposes are available in the office of the Admissions Adviser for Residency.

Persons Over 60 Years of Age and Totally Disabled Persons

Persons suffering from a permanent disability which totally incapacitates such person from working at an occupation which brings him an income, and persons sixty (60) years of age or older, who are domiciled in Tennessee, may AUDIT courses at Memphis State without paying tuition charges, maintenance fees, student activity fees, or registration fees. Admission to AUDIT will be limited on an individual classroom basis according to space availability.

Any person who is totally disabled, and persons sixty-five (65) years of age or older, who are domiciled in Tennessee, may enroll for courses for credit at the cost of $9 per semester hour, not to exceed $75 per semester. The University Health Services shall examine certification of permanent disability (not the applicant) and determine the eligibility of the applicant under this legislation.

Inquiries concerning these programs may be addressed to the Records Office, Administration Building, Room 115, or telephone 454-2671.

REGISTRATION PROCEDURES

The registration process is composed of the basic steps outlined below. After the outline, each step is explained in detail.

(1) Consulting with academic adviser
(2) Obtaining registration materials
(3) Securing class cards and paying fees
(4) Changing enrollment status
  (a) Change-of-course procedures
  (b) Withdrawal procedures
  (c) Change of college, major, or adviser
  (d) Change of name or address

(1) CONSULTING WITH ACADEMIC ADVISER

To begin the registration process, all students must see their academic adviser to obtain the "Student Schedule" form and secure the adviser's approval of their course selections.

Current Students

Current students should consult with their academic adviser during the term preceding their next semester registration and receive the proper "Student Schedule" form. It is the responsibility of the student to arrange to see his adviser at the earliest possible time. This should be done prior to the semester registration period. The University is open Monday through Friday, 8:00 a.m. to 4:30 p.m., except during holidays.

Undergraduate students enrolled in Saturday and evening courses only may consult either an academic adviser and/or secure their student schedule form in Room 165, Administration Building, between the hours of 12:00 noon - 8:00 p.m., Monday through Thursday, and 8:00 a.m. - 12:00 noon, Saturday. During the registration period, hours will be the same as Packet Center hours.

New Students (Undergraduate)

Freshmen and transfer students registering for the first time should attend a new student orientation session at which information concerning the registration and advising process will be given. (See Semester calendar for date and time.) All new freshmen students and transfer students without an academic major will be assigned to the Academic Counseling Unit. Students assigned to the Academic Counseling Unit should go to the Unit immediately after admission to the University and request the assignment of an adviser. If possible, this should be done prior to the new student orientation session. The Academic Counseling Unit is located in Scates Hall. Advisers will be assigned during the orientation session to students who have not seen an adviser.

New Students (Graduate)

New students in the Graduate School will be directed to an academic adviser following their admission to the Graduate School.

New Students (Evening)

New evening students should secure required registration and adviser information in the Evening Academic Services Office, Administration Building; Room 165, telephone 454-2393.

Readmitted Students

Students readmitted to the University who do not have an academic major will be assigned an adviser in the Academic Counseling Unit in Scates Hall. All other readmitted students should report to the department in which they plan to major and request an adviser.

Unclassified, Special Undergraduate, and Audit Students

Undergraduate students who are unclassified, special undergradute, or audit should go to the Academic Counseling Unit in Scates Hall. Evening students in these categories may go to the Evening Academic Services Office, Room 165, Administration Building for advising assistance.

(2) OBTAINING REGISTRATION MATERIALS

The second major step in the registration process is obtaining registration materials. Registration materials consist of four basic elements: (1) a personal data form entitled "Student Information Form," (2) a card entitled "Registration Appointment Card," (3) a form entitled "Registration Receipt," and (4) a permanent ID card. Registration materials may be obtained as follows:

Current Students

Registration materials will be mailed to the permanent address of all students currently enrolled, with the exception of those students having outstanding financial obligations at the time registration materials are prepared, those suspended for academic reasons, those who are on academic probation, and those who have holds placed on their packets by a University office.

New and Readmitted Students

New and readmitted students who have cleared all admission requirements at the time registration materials are prepared will receive their materials by mail. Students not clearing in time to receive their materials by mail will be given a chance to obtain materials before the actual day of registration and will receive instructions on how to accomplish this.

(3) SECURING CLASS CARDS & PAYING FEES

Students having their "Student Schedule" form approved, their permanent ID card made, and their registration materials in hand are then prepared to enter the Registration Center to obtain class reservation cards and to pay fees. Important points to remember about this step in the registration process are:

Registration appointment times — Enter the Registration Center on the date and time printed in the upper right hand corner of the "Registration Appointment Card." (See example.) Registration priority at Memphis State University is based on cumulative hours earned. See Statement of policy on registration priority.

Students should enter the Registration Center at the appointment time indicated; however, the student may enter at any later day time after his day appointment time or at any later night time after his night appointment time.

Students registering during the day at the Late Registration Center must go to departments to obtain class cards. Cards are at the Center during evening late registration hours.

Schedule conflicts — Each student is responsible for preventing conflicts in the scheduling of his classes. Students should check each class card which they are issued to insure that the course and section number, time and credit agree with what they requested. Students will be assessed a "change-of-course" fee if it is necessary to make changes because of a scheduling conflict or because of having the wrong class card. Students should be careful to check the schedule for course offerings that might have changed. Up-tp-date information may be obtained during registration.

The University does not guarantee that the instructor listed in the Schedule of Classes will be the one to teach the course, and no fees will be waived accordingly.

University policy prohibits the waiving of the change fee when a course section has closed and later reopened.

Special Courses

Credit/No-Credit Courses — Certain students, with permission from the dean of their college, may elect to take some courses on a credit-no-credit basis. Details are found in the undergraduate *Bulletin*.

Procedures for registering are as follows: (1) Obtain permit form from academic adviser, complete information on the form, and secure adviser's signature, (2) go to department chairman's office in which course is taught and secure his approval, (3) obtain "Class Card Request" form from department chairman, (4) take completed permit form and "Class Card Request" form to the Registration Center at the appointed registration time.

Audit Courses — In order to register, the student must: (1) Obtain academic adviser's approval, (2) go to department in which course is taught and pick up "Class Card Request" form, (3) take "Class Card Request" form to the Registration Center at the appointed time. Fees for audit courses are the same as for credit courses.

A student auditing a course will receive "audit" on his/her transcript only if in the judgement of the instructor he/she has attended a sufficient number of classes to deserve the notation on the transcript. Faculty will base their decisions for awarding "audit" only on attendance as the student is not allowed by policy to participate in any other way.

Payment of Fees — Registration is not completed until fees are paid. Since there will be no deferment of fee payment, **students should not enter the Registration Center unless they are prepared to pay fees.** Students receiving VA assistance are expected to pay fees in full. Students holding scholarships, student aid, or billing authorizations for this term should stop at the "Scholarship and Authorized Billings" station in the Fee Payment Center.

Fees For The Spring Semester Are:

Undergraduate	Per Hour (Part-Time)	Per Semester (Full-Time)
Resident-Maintenance	$20.00	$224.00
Non-Resident-Tuition	39.00	468.00
Non-Resident-Total	$59.00	$692.00
Graduate and Law		
Resident-Maintenance	$23.00	$244.00
Non-Resident-Tuition	39.00	468.00
Non-Resident-Total	$62.00	$712.00

The listing of these fees in this publication does not constitute a contract between the University and the student. As a condition of registration, each student will pay the fees in effect at the time he or she registers. Fees are subject to change without notice. Persons over 60 years of age and totally disabled persons should refer to the sections of this publication covering their registrations.

See the Addenda section of this publication for the University's policies regarding:

- Late Registration fees
- Parking Fees
- Refund of fees
- Transcript Fees

(4) CHANGING ENROLLMENT STATUS

Once the student has completed his initial enrollment, he may find it necessary to change his status.

Change of Course

After a student's registration is complete, he may, within specified time limits, change his class schedule through the process of adding and/or dropping courses. APPLICATION FOR PERMISSION TO ADD OR DROP COURSES BEGINS WITH THE ACADEMIC ADVISER. Time limits for add/drop are outlined in the semester Calendar. A fee of $5 will be assessed for each change of course application form processed. No change of course is processed until the fee has been paid. There is no charge for a change made as a result of the University cancelling a course.

Permission to add or drop a course after the deadlines shown in the calendar must be approved by the appropriate college dean.

Students who wish to discontinue attending and who are enrolled in one course only must withdraw, not drop the course.

Withdrawal Procedures

Students may withdraw from the University by notifying the appropriate University official in person. ID's must be turned in to be invalidated.

(1) Undergraduate Students — Notify the Center for Student Development, Room 120, Scates Hall
(2) Evening/Saturday Students — Notify the Dean, Evening Academic Services, Room 165, Administration Building
(3) Graduate Students — Notify the Dean of the Graduate Studies, Room 315, Administration Building

Time limits for withdrawals are stated in the Semester Calendar.

Change of College or Major

Undergraduate students in the Colleges of Arts and Sciences, Business Administration, Communication and Fine Arts, Education, Engineering, and the University College may change their college or major by completing an application at the designated office of the college for the new major. These offices are as follows:

Arts & Sciences
  Dean's Office — MI 219
Business Administration
  College Adviser — BO 426
Communication & Fine Arts
  Dean's Office — MJ 300
Education
  College Adviser — ED 211
Engineering
  College Adviser — EN 259
University College
  Dean's Office — JN G-1

Graduate students may change their major by making application in the Office of the Dean of Graduate Studies, Administration Building, Room 315.

Change of Adviser

Students may change adviser by making application to the college in which they are currently enrolled. After being assigned an adviser, the student should come immediately to the Records Office.

Change of Name, Address, or Social Security Number

It is imperative that the student keep his/her name and address current on University records. Opportunity for changing addresses is provided on the "Student Information Form" in the registration materials. However, in order to change social security number or name, the student must come to Room 119, Records Office, Administration Building. Students who change their address should leave a forwarding address with the post office so that all University mail will reach them at their new address.

IMPORTANT: All changes should be made early in the semester to insure their processing before the next semester.

GRADE REPORTS

A grade report showing the grade received, credit hours earned, and quality points earned will be mailed to each student at the end of the semester. Also shown on the grade report will be cumulative hours attempted, hours earned, and grade point average. The report will be mailed to the permanent address.

THE RECORDS OFFICE WILL NOT RELEASE ANY GRADE EXCEPT BY THE OFFICIAL COPY SENT BY MAIL. TO PROTECT THE CONFIDENTIAL NATURE OF THE STUDENT'S RECORD, NO GRADES WILL BE RELEASED BY TELEPHONE.

WITHHOLDING OF GRADE REPORTS

The University is required by State law to withhold grade reports, transcripts, and diplomas from students who have outstanding financial obligations to the University. Previous semester grades which were withheld may be obtained (with the proper release card and identification) in the Packet Center, January 4-10; in the late Registration Center, January 11-17; and in the Records Office thereafter.

COURSE NUMBER SYSTEM

Courses are numbered according to the following system:

1000-1999	Courses primarily for freshmen
2000-2999	Courses primarily for sophomores
3000-3999	Courses primarily for juniors
4000-4999	Courses primarily for seniors
5000-5999	Courses offered in the Graduate School open to seniors within 36 semester hours of graduation
6000-9000	Courses open ONLY to those students fully admitted to the Graduate School

REGISTRATION PRIORITY

Since all students cannot register at the same time, it is necessary to establish priorities in the assignment of registration times. Registration priority and the registration appointment times appearing on registration materials are based on the number of cumulative hours earned.

Registration materials must be prepared before the end of the term that immediately precedes registration, and appointment times will not reflect hours earned during the current term. For example, registration times for the spring semester are not affected by hours earned during the fall semester.

Registration priority and associated registration appointment times cannot be based on the need to work because such a large number of students do work. No practical or equitable way exists to administer a priority system on the criterion of a student having to work.

Although the University is desirous of assisting transient students in obtaining the best possible program, a first obligation is recognized to native students continuing their program.

Unclassified students will be awarded registration appointments on the basis of hours earned at Memphis State University only.

Seniors not holding an undergraduate degree who are taking degree credit courses have priority over special undergraduate students (those who hold degrees) when enrolling for undergraduate credit courses.

MESSAGE FOR VETERANS

Eligible veterans may take credit courses as full, three-quarter, or half-time students and receive monthly G.I. educational benefits. Contact the MSU Office of Veterans' Affairs, 454-2996, 108 Jones Hall, for further information.

ID CARDS

ID CARD

ALL STUDENTS MUST OBTAIN A PERMANENT MEMPHIS STATE UNIVERSITY ID CARD BEFORE THEY WILL BE ALLOWED TO REGISTER. THIS INCLUDES PART-TIME STUDENTS, EVENING STUDENTS, UNCLASSIFIED STUDENTS, ETC.

New students will be given information concerning ID cards in their information sessions. Current students who have lost their card may obtain a replacement from the Dean of Students' office, Room 208, Scates Hall, by paying the replacement fee of $10. Students unable to obtain an ID card at off-campus or special registrations must go to the Records Office to have one made.

NOTE: ID card validation of full-time is for student activity purposes and does not necessarily constitute a full-time academic load.

For information concerning the number of hours required for full-time, consult the table for full-time classification in the Memphis State University *Bulletin*.

A credit hour load equal to one-half of that for the minimum full-time credit hour load qualifies as a half-time load.

SCHEDULE OF FINAL EXAMINATIONS

Final examinations for the Spring Semester 1979 will begin on Friday, April 27, 1979. Each examination is two hours in length. Attendance is compulsory. The examination schedule is listed below.

*Classes meeting one day a week for at least two hours will have their examination during the examination week at the time the class normally meets.

No examination may be given at a time other than the one listed above except with written permission from the department chairman and the college dean.

Examinations for classes which meet at an hour not included in this schedule (e.g., 9:30 MWF) should be given at an hour as close to the scheduled hour as possible. (The examination for a class meeting at 9:30 MWF may be given at the time scheduled for either a 9:05 MWF class or a 10:10 MWF class.)

PRIVACY RIGHTS OF PARENTS & STUDENTS

ANNUAL NOTICE TO STUDENTS

Annually, Memphis State University informs students of the Family Educational Rights and Privacy Act of 1974. This act, with which the institution intends to comply fully, was designed to protect the privacy of education records, to establish the right of students to inspect and review their education records, and to provide guidelines for the correction of inaccurate or misleading data through informal and formal hearings. Students also have the right to file complaints with The Family Educational Rights and Privacy Act Office (FERPA) concerning alleged failures by the institution to comply with the Act.

Local policy explains in detail the procedures to be used by the institution for compliance with the provisions of the Act. Copies of the policy may be found in the following offices: Associate Dean of Admissions and Records (Records); Dean of Admissions and Records; University Counsel. The offices mentioned also maintain a Directory of Records which lists all education records maintained on students by this institution.

Questions concerning the Family Education Rights and Privacy Act may be referred to the office of the Associate Dean of Admissions and Records (Records).

DIRECTORY INFORMATION

"Directory Information" is defined as: The student's name, address, telephone listing, date and place of birth, major field of study, participation in officially recognized activities and sports, weight and height of members of athletic teams, dates of attendance, degrees and awards received, the most recent previous education agency or institution attended by the student, the student's full or part-time status, and the student level. At the time a student registers for courses, the student may personally deliver to the Records Office, Room 115 (Attention: Records Counselor) a written request that directory information not be released. This notification is effective only for the semester for which the student is then registering. Such information will then be withheld if the request is received within 14 days after the beginning of classes.

ADDENDA TO 1978-79 CATALOG

The following policy changes which became effective in the fall, and the following courses, were approved for inclusion in the offerings of the University after the 1978-79 Catalog issue of the University *Bulletin* had been sent to the printer. Their publication here constitutes the official announcement of their addition to the University policies and curriculum.

CORRECTION

Due to a printing error, part of the policy on grades was omitted from page nine of the 1978-79 *Graduate Bulletin*. The paragraph should read as follows:

> An average grade of "B" must be maintained in ALL graduate work, and credit earned with a grade less than "C" may not be counted toward meeting requirements for the Master's degree. Not more than 7 semester hours of credit with a grade of "C" may be applied toward meeting degree requirements. Work with a grade of "D" or "F" will be included in the grade point average computation. Grades of "D" or "F" are continued in the grade point average computation even though they have been repeated and the student earned a higher grade for the course.

"T" GRADE

The policy for the "T" grade, as found on page 41 of the *1978-79 Undergraduate Bulletin*, has been amended in sections 3a and b. The revision of 3a should read as follows:

a. Award grades A-F.

The last sentence of section 3b has been revised as follows:

> The faculty member *must record* either an A-F or the "T" grade to prevent the computer from automatically assigning an "F."

CLASS ATTENDANCE

The following policy statement replaces the statement on page 40 of the *1978-79 Undergraduate Bulletin*.

CLASS ATTENDANCE

Although students at Memphis State University may be engaged in a variety of activities, curricular and extra-curricular, on and off campus, they are expected to give first consideration to their scholastic obligations. When they register for classes they make a commitment to and assume a responsibility for their academic success. They are expected, therefore, to attend classes promptly and regularly, to participate appropriately in these classes, to seek out all the help which the University makes available to them, to complete all course requirements, and to perform to the best of their abilities.

The importance of prompt and regular class attendance cannot be overemphasized. Although class attendance as such is used in computing grades only under the conditions stated in the following paragraph, students must understand that their academic success will be determined by the way they perform on **all** measuring instruments — tests, daily quizzes, class participation, in-class essays, class reports, etc. — and that failure to attend and participate in class (or to meet similar responsibilities in laboratories, intern programs, and the like) will undoubtedly affect that performance. Absence from class is not a valid excuse for failure to complete assignments or for tardiness in completing them; permission to make up assignments or to turn them in late can be given only by the teacher of the class upon specific request; students should not assume that such permission is granted routinely.

Class attendance as such is not used in computing grades except in those courses for which teachers request specific exemptions. Such special attendance policies are valid only (1) if the department chairman annually approves them in writing prior to the first class meeting with a copy of that approval forwarded for information to the dean and (2) if a full statement of the policy is presented to all students present at the first and second meeting of the class. In the case of courses which have multiple sections and multiple teachers, the chairman's approval permits all teachers to use class attendance in computing grades.

A student who is absent from the final examination without the permission of the teacher incurs a grade of F on the examination and may incur a grade of F for the course.

EXPENSES AT UNIVERSITY

(Replaces present sections in the Bulletin)

Application Fee

Each student submitting an application for admission to the University must pay, at the time he submits his first application, a one-time non-refundable fee of $5.00

Maintenance Fee

All students, whether resident or non-resident, pay a maintenance fee. Undergraduate fees are $20.00 per semester hour, not to exceed a maximum of $224.00. Students paying the fee for six or more hours are entitled to admission to home athletic events and certain health services, concerts, plays, social and other student-sponsored activities, and a subscription to the student newspaper, *The Helmsman*.

Graduate fees are $23.00 per semester hour, not to exceed a maximum of $244.00. Fees payable are based on the course level, and the maximum fees will be the graduate maximum if a student is enrolled for any graduate hours.

The Summer Session consists of two separate terms of approximately six weeks each, plus nine weeks and extended terms for specified courses. Fees for the Summer Session are determined solely on a semester hour basis. The undergraduate semester hour charge is $20.00 for maintenance fees and an additional $39.00 for non-resident tuition.

Fees for audits will be assessed on the same basis as fees for credit courses. Courses offered between terms, for concentrated periods during a term, or at specific locations, may be subject to fees on a per-hour basis only.

Tuition

Students classified as non-residents are charged an additional $468.00 per semester (for full-time students) or $39.00 per semester hour (for part-time students). (Note that tuition is in addition to the maintenance fee.)

The Office of Admissions and Records is charged with the responsibility of assigning a residency classification to each student using regulations provided by the Board of Regents. The student may appeal the decision to the Committee on Residency. Residency regulations of the Board of Regents and information on appeals procedures are available in the Office of Admissions and Records.

University College Fees

In addition to their $5.00 application fee, students who apply to the University College must pay a screening fee of $15.00, which is non-refundable. If accepted into the University College, the student must pay a non-refundable contract-advising fee of $25.00

Students who apply for credit for experiential learning will pay $15.00 per credit hour granted after evaluation of their learning and assignment of credit. For those students who are enrolled under a group contract, no more than a maximum fee of $90.00 will be assessed for credits assigned under the terms of the group contract.

Courses in Applied Music

The fee of applied music shall be $25.00 per semester for each one-half hour lesson.

Refund of Fees

FALL AND SPRING SEMESTERS: If a student withdraws from the University within fourteen days from the beginning of classes for the fall and spring terms, a refund will be made of 75% of his maintenance fee, out-of-state tuition, and music fee (if any). The same refund schedule applies to students who drop to an hourly load below full-time. The applicable percentage then applies to the difference between the new fees calculated on an hourly basis and actual fees paid. A 100% refund will be made for courses cancelled by the University. All other fees are non-refundable.

SUMMER: Students are requested to register for all four terms of the Summer Session at the beginning of the first term, if possible. If a student withdraws from the University within four days (excluding Saturday and Sunday) from the beginning of classes for the first term, a refund is made of 75% of the maintenance fee and tuition or music fee (if any) applicable to first term classes. If a student withdraws from second term classes any time before second term classes begin, a full refund of maintenance fee and tuition or music fee (if any) applicable to the second term will be made. This refund will be reduced to 75% if the student withdraws within four days (excluding Saturday and Sunday) after beginning of classes for the second term.

Withdrawals or drops from extended term courses will be refunded on the basis of 75% during the first seven days (excluding Saturday and Sunday) instead of four, as in the first and second summer terms. Withdrawal or drops from nine week term courses will be refunded on the basis of 75% during the first six days (excluding Saturday and Sunday).

A full (100%) refund of fees will be made for courses cancelled by the University.

The University refund policy is based entirely upon the official date of the withdrawal or change of course which would result in a refund. Refunds beyond the specified date cannot be made for reasons such as employment conflicts, health or medical problems, or moving out of town.

Residence Halls

Charges for rooms in University residence halls are indicated below. For information concerning application for rooms, see page 36 of the undergraduate *Bulletin*.

(ALL ROOM CHARGES ARE SUBJECT TO CHANGE WITHOUT NOTICE)

Refund of Residence Hall Rent

Refunds of residence hall rent after registration will be prorated on a weekly calendar basis when the student is forced to withdraw from the residence hall under the following conditions:

1. Because of personal medical reasons confirmed in writing by a licensed physician.
2. At the request of the University.

No refund of residence hall rent will be made under any other conditions.

Married Housing

The University has 126 apartments for married students located on South Campus approximately one mile from the central part of the campus. These are 70 two-bedroom and 56 one-bedroom apartments. Some apartments are built specifically for paraplegic students. All apartments are furnished with electric stove, refrigerator, carpeting and garbage disposers.

The monthly rental rates are: one-bedroom apartment — $120.00; two-bedroom apartment — $145.00. Electrical utilities are paid by tenant.

Application forms may be obtained from the University Housing Office in Room 105, Scates Hall, Main Campus. A $5.00 application fee is required when the application is submitted. A $50.00 deposit is required upon acceptance of assigned apartment.

Meals

The University cafeterias, student centers and vending areas, open to all students, provide wholesome food at reasonable prices. Cost of meals per student is estimated at $4.00 to $4.75 per day.

Air Force ROTC Deposit

A uniform deposit of $10.00 and a $5.00 activity fee are required of each student who enrolls in the Air Force ROTC program. The uniform deposit, less charges for uniform loss or damage, will be refunded at the end of the academic year or at the beginning of a semester in which the student is not enrolled in the ROTC program.

Laboratory Deposits

Certain courses in chemistry require breakage deposits from $10.00 to $20.00 per semester, depending upon the course. Any unused portion of these deposits will be refunded.

Physical Education Locker and Towel Fee

Students enrolled in physical education courses must pay a fee of $3.50 for the locker and towel issued them. Students must provide their own lock.

Late Registration

Students who do not complete registration (including the payment of fees) during the official registration period will be charged $10.00 for any late registration following the official registration period.

Adding and Dropping Courses

A fee of $5.00 will be charged for each change of course form processed, regardless of the number of course or section changes included on the form.

Transcripts

There is no fee for transcripts. However, the student will be charged $1.00 for each official transcript over the maximum of five (5) per request. Transcripts are issued only at the request of the student in person or by letter. No transcript will be provided for a student who has any unfulfilled obligation to the University.

Diploma Fee

Each candidate for a degree from Memphis State University pays a $20.00 fee to cover cost of the diploma, rental of cap and gown, and incidentals connected with the commencement exercises. This fee must be paid thirty days before graduation.

Credit by Examination or Placement Examination

The fee for taking an examination for credit is $15.00 minimum and an additional $5.00 for each credit hour over three; this fee must be paid prior to the examination. The same fee must be paid when an application for credit is made under the Credit by Placement Examination policy.

Automobile Registration

Each person who expects to operate and park any motor vehicle on the campus must pay $5.00 for an official permit, valid from September through August, and register the vehicle in the Security Office (Room 151, Administration Building). A reduced fee of $4.00 is charged for vehicle registrations after January 1, and $2.00 after May 1. Proof of ownership must be presented when registering the vehicle. Residence hall occupants should ask for a special resident decal when registering their automobiles.

Identification Cards

The University issues to each student an identification card, which bears his photograph, social security number, and certification that he is enrolled as a student in the University. The card is required for registration, the borrowing of library books, and other purposes. The card remains the property of Memphis State University and will be surrendered upon request of a University official. A student will be charged $10.00 to replace a card that has been damaged, stolen, or lost. A student will be charged $2.00 to make any change in data on his card.

Part-time students who are enrolled for at least six semester hours of credit courses will be given full-time I.D. card validation. (Also, see section on STUDENT LIFE AND FINANCIAL AID.)

Returned Checks

It is expected that a check given the University, for any reason, will clear the bank on which it is drawn. If a check given in payment of registration fees is returned, the fee is assumed to be unpaid and charges for late registration will be assessed. A $5.00 service charge will be assessed for each returned check whether given in payment of any fee or cashed by the University for the convenience of the student. Check cashing privileges will be revoked for any student who has had checks returned by his bank more than once within a twelve-month period.

Emphasis is placed on the study of behavioral science concepts and research and their applications to the management of organizations. For the most part, individual studies will be pursued with group analysis and discussion at regular class meetings. **Prerequisite:** Consent of instructor.

MANAGEMENT 7431. Probability Models for Management Science. (3)

Discrete and continuous probability models will be discussed such as the Binomial, Multinomial, Poisson, Exponential, and Normal distributions. Emphasis is placed on the validity of these models for management decision problems. **Prerequisite:** MGMT 4711 and MATH 2321.

MANAGEMENT 7450/8450. Simulation and Analysis of Business Systems. (3)

This course will study the methods and techniques of digital computer simulation of business systems utilizing knowledge of data processing, statistics, probability and operations research. Areas of applications will include inventory systems, production, scheduling, and various other traffic systems that experience waitingline problems. Topics to be covered include the methodology of construction computer simulation model, model validation and analysis of results, and a brief look at various simulation languages, such as GPSS and SIMSCRIPT. **Prerequisites:** MGMT 4711, 4750, and MATH 1312 or MATH 2321.

MANAGEMENT 7220/8220. Seminar in Human Resources Administration. (3)

This course will deal with problems and issues deriving from movements and trends in the Management of Human Resources caused by changing laws, union activities, and the demands of our culture. The student is required to select one or more recent concepts or problems for intensive study and critical analysis.

MANAGEMENT 7422/8422. Seminar in Organizational Theory. (3)

A study of the major historical and contemporary theories of organizations. Emphasis is placed on the study of organizational structures, principles, techniques, and processes as they relate to the management of organizations. For the most part, individual studies will be pursued with group analysis and discussion at regular class meetings. **Prerequisite:** Consent of the instructor.

MANAGEMENT 7440/8440. Statistical Planning Techniques for Management. (3)

A coverage of the techniques available to management for collecting and analyzing data for decision making. The student is introduced to the various sampling techniques available for collecting and analyzing data. Included are techniques such as linear and non-linear timeseries analysis with particular emphasis on how seasonal patterns affect the individual firm. Two variable conditions (linear and non-linear) will be covered as well as multiple and partial correlation analysis. Several of the computerized statistical planning packages available will be studied in detail in order to provide the user with an understanding of the formulation of business problems for solution on the computer. Emphasis is placed on interpretation and implementation of the results of these statistical computer packages for managerial decision making. **Prerequisites:** MGMT 4711, MGMT 4750, and MATH 1312 or MATH 2321.

MANAGEMENT 8430. Advanced Quantitative Methods for Business Decisions. (3)

An advanced study of management decision-making using various quantitative methods of analysis. Some of the topics covered include analysis, gaming theory, Markov chains, and Bayesian decision theory. Heavy reliance will be placed on the electronic computer where appropriate to solve problems of a business and economic nature with emphasis on the collection and analysis of the data, fitting an appropriate model to the problems, and interpretation of the results as obtained from the computer execution. **Prerequisites:** MGMT 4750 and MGMT 7420.

MANAGEMENT 8460. Business Applications of Decision Theory. (3)

A study of Bayesian decision analysis applied to strategic business decisions involving uncertainty. Topics covered include: (1) prior analysis, (2) posterior analysis, (3) preposterior analysis, (4) measuring subjective probabilities, and (5) measuring preferences. **Prerequisite:** MGMT 7430.

MANAGEMENT 8470. Seminar in Management Science. (3)

A seminar in which advanced knowledge of management science techniques will be applied to the solution of modern business or administrative problems. Investigation of the research problems will also involve both written and oral reporting of the analysis and decisions concerning the application of management science methods. **Prerequisites:** MGMT 8430 and MGMT 8460.

MANAGEMENT 8510. Administrative Strategy and Long-Range Planning. (3)

Emphasis is placed on the following: methods of identifying opportunities and risks present in the organization's changing environment; methods of projecting new objectives and operating strategies on the basis of the organization's current strategic posture; techniques for evaluating alternative courses of executive action; the influence of values of managers; the long-run planning process; and measurement and control of results.

MANAGEMENT 8520. Seminar in Organizational Change and Development. (3)

This seminar focuses on the diagnosis of problems reducing organizational effectiveness and the techniques for introducing and implementing change in organizations. Consideration is given to the theoretical basis of organizational development and the rationale for organizational development.

MANAGEMENT 8530. Seminar in the Development of Management Thought. (3)

Seminar in the historical evolution of management thought designed to enable students to acquire a mastery of the literature in the field. Emphasis is placed on the work of pioneers and major contributions to the development of the discipline of management.

MANAGEMENT 8921. Seminar in Management Research. (3)

This seminar is designed to deal with three basis issues. One issue is the eclectic nature and function of management theory. The second issue is the need for the empirical testing of management theory. The third issue is that of research design applicable to management theory. Emphasis will be upon the selection of research designs.

MARKETING 7014/8014. Marketing Information Systems Design. (3)
The marketing information system is studied from the standpoint of its inputs, operation, control and outputs so that it can be revised as greater efficiency is required. Simulation and other techniques helpful in designing effective marketing information systems are introduced.

MARKETING 7021/8021. Pricing Theories and Policies. (3)
An examination of the role of prices in our economy and of price making under varying conditions of competition. Also included is an examination of the acquisitive and social implications of pricing policies.

MARKETING 7020/8020. History of Marketing Institutions and Thought. (3)
An introduction to the concepts and theories advanced in the development of institutions, channels, functions, and processes in the field of marketing.

MARKETING 7025. Management of Logistics Systems. (3)
Examines the design and implementation of logistics systems within the business firms, including interaction among the various components of a logistics system such as inventory planning, order processing, location analysis, distribution center operations, transportation determination and scheduling, service levels, and distribution packaging. Course highlights top management decision-making through case problems.

MARKETING 7026. National Transportation Policy. (3)
Examination of current issues related to national transportation policy. Emphasis is placed on public policy alternatives and their impact on the transportation industry and infrastructure, transportation users and the general public.

MARKETING 7031. Seminar in Transportation. (3)
Focuses on managerial problems from the standpoint of the user of transportation and the transportation firm. Attention is devoted to the legal rights and responsibilities of carriers and users as well as other topics such as organization problems and pricing decisions.

MARKETING 8024. Multinational Marketing Seminar. (3)
Emphasis is directed to the cross-cultural aspects of multinational marketing through case studies and individual research. The execution of marketing concepts and theories in different cultures and environments are presented. Similarities and differences of applications and results are studied.

MARKETING 8027. Marketing Simulation and Models. (3)
The art and science of systems simulation is applied to marketing activities. Emphasis is placed upon the designing of a model, running experiments with it and analyzing the results. Individual empirical research is encouraged.

MARKETING 8035. Seminar in Marketing Concepts. (3)
Systemic comparisons of current concepts in the field of marketing. Stress will be upon advanced individual study conjoined with group analysis and discussion. May be repeated for a total of nine (9) credits.

THE COLLEGE OF COMMUNICATION AND FINE ARTS

MUSIC HISTORY AND LITERATURE 4603/6603. Proseminar in Commercial Music. (3)
A study of commercial music in a format of lecturers and distinguished guests from the industry. Individual projects are required. **Prerequisite:** MULH 4602/6602 or permission of instructor.

MUSIC HISTORY AND LITERATURE 7601/8601. Seminar in Music, Art and Drama I. (3)
Former number and title: **8601. Seminar in Music, Art and Drama. (3).**

MUSIC HISTORY AND LITERATURE 7602/8602. Seminar in Music, Art, and Drama II. (3)
A continuation of MUHL 7601/8601.

MUSIC THEORY AND COMPOSITION 1001. Basic Music Theory. (1)
Designed for students who plan to major in music but do not meet minimum standards for MUTC 1004. Not allowable as credit toward the satisfaction of requirements for the major or minor. Two laboratory hours per week.

MUSIC THEORY AND COMPOSITION 2101. Theory of Jazz Improvisation. (3)
A preliminary study of chord symbols, contemporary use of modes and other scalar material. Basic jazz improvisation literature. **Prerequisite:** MUTC 1005. **Corequisite:** MUAP 3103.

MUSIC THEORY AND COMPOSITION 2511. Introductory Electronic Music. (2)
Emphasis on study of basic techniques of electronic music composition through work in tape manipulation, synthesizer operation, musique concrete; study of history and aesthetics of electronic music. **Prerequisite:** MUTC 1006 or permission of instructor. Fee: $50.

MUSIC THEORY AND COMPOSITION 4511. Intermediate Electronic Music. (2)
Emphasis on study of basic tape manipulation, synthesizer operation, musique concrete; study of history and aesthetics of electronic music. The two hours credit earned from this course may be utilized as composition credit toward the composition concentration. **Prerequisite:** MUTC 1006 or permission of instructor. Fee: $50.

MUSIC THEORY AND COMPOSITION 4512. Advanced Electronic Music. (2)
Continuation of studies started in MUTC 4511. Emphasis on individual compositional projects. This course may be repeated for credit, but only two hours credit earned may be utilized as composition credit in the composition concentration. Fee: $50.

MUSIC THEORY AND COMPOSITION 4501/6501. Composition. (2 or 4)
Composition in varied forms for large and small ensembles and solo instruments; analysis of contemporary works and practical application of techniques. May be repeated for additional credit. Composition is taught as applied music. Students receive the equivalent of one hour lesson per week. The fee for this instruction is $50.00 per semester.

MUSIC EDUCATION 1115. Classroom Instruments: Guitar and Recorder. (2)
Development of basic performance and teaching skills in guitar and recorder. Analysis of teaching materials and repertory applicable for elementary and secondary education. Integration of guitar and recorder into classroom music and choral music ensembles. **Prerequisite:** MUTC 1005.

MUSIC EDUCATION 3700. Basic Conducting. (2)
Development of conducting skills. Basic baton principles, rhythmic analysis, expressive techniques. phrasing, and multi-metered problems. Class meetings require performing as instrumentalist or vocalist as well as conductor. **Prerequisite:** Completion of MUTC 1006.

MUSIC EDUCATION 4700. Instrumental Conducting. (2) *(Formerly 3701)*
A study of the various problems encountered in preparation and conducting of instrumental scores; individual practice with the opportunity for each student to conduct instrumental groups. *Three class hours per week.* **Prerequisite:** MUSE 3700.

MUSIC EDUCATION 4207. Choral Methods and Materials. (2)
An examination of selected materials and methods of practical concern to the vocal-choral music specialist. Consideration of music series, scheduling techniques, voice class development, choral publishers, units of study.

MUSIC EDUCATION 4301. Choral Arranging. (3)
A practical experience in making arrangements for choral ensembles and organizations. A study of vocal need involved and techniques of meeting them, including class performance and evaluation of assigned projects.

MUSIC EDUCATION 4507. Organ Pedagogy. (2)
A study of repertory materials suitable for fundamental teaching as well as methodology in techniques, analysis and registrational concepts. **Prerequisite:** Permission of instructor.

SACRED MUSIC 4103. Basic Organ Improvisation. (2)
This course is designed to allow the student to gain practical operational facility in improvised works in trio style, chorale or hymn-tune preludes in pattern styles, and embellished melodic lines with harmonic accompaniments. Emphasis on keyboard harmony and reading from figured basses. **Prerequisite:** Permission of instructor.

APPLIED MUSIC 1570 *(Major Group);* **1571** *(Lower Division);* **1760** *(Major Group);* **4571*** *(Upper Division);* **4578** *(Junior Recital);* **4579** *(Senior Recital)*
**Upper division standing on a comparable modern instrument.*

APPLIED MUSIC 2002. Marching Band. (2)

APPLIED MUSIC 3502. Collegium Musicum: Strings. (1)
Study of the techniques and literature of early stringed instruments, using lute and viols. Performance of appropriate early music. NOTE: May be repeated for credit, but not for the purpose of improving grade originally given. **Prerequisite:** Permission of instructor.

APPLIED MUSIC 3702. Collegium Musicum: Winds. (1)
Study of the techniques and literature of early wind instruments, using recorders, transverse flutes, shawm, krummhorn, etc. Performance of appropriate early music. NOTE: May be repeated for credit, but not for the purpose of improving grade originally given. **Prerequisite:** Permission of instructor.

APPLIED MUSIC 7002. Chamber Music. (1)

APPLIED MUSIC 7099. Chamber Music Recital. (1)

APPLIED MUSIC 7003. Small Graduate Ensemble. (1)
(1) Jazz Band; (2) Collegium Musicum; (3) String Ensemble; (4) Brass Ensemble; (5) Percussion Ensemble; (6) Woodwind Ensemble; (7) Contemporary Chamber Players; (8) Opera Soloists: (9) Camerata Singers; (10) Orff Ensemble.

THEATRE 1561. Introduction to Design. (3)
Historical and conceptual survey of the basic elements of production — scenery, costumes, lighting, sound — and their relation to the theatrical production process.

COMMUNICATION ARTS 1851. Introduction to Film. (3)
Introduction to the functions, development and techniques of film as a fine and popular art. Study of film language and forms as a means of expression and survey of classic genre films; i.e., realistic, expressionistic, Hollywood, observational, etc.

THEATRE 2530. Acting (for Non-Majors). (3)
Introduction to the craft of acting. The development of the actor's individual instrument through basic technique. Performance of short scenes in class.

THEATRE 3523. Lyric Theatre. (3)
Analysis of earlier and related music-theatre forms, but focus is on the "musical" as a unique theatrical form. Selected scenes directed and performed.

THEATRE 4411. Stage Dialects. (3)
Study and practice of foreign dialects for the American stage. **Prerequisite:** COMM 1211.

THEATRE 4501/6501. Advanced Mime. (3)
Further development of technique, and refinement of a personal style. Use of mask and the physics of object illusion. **Prerequisite:** THEA 3506.

THEATRE 4516/6516. Technical Direction. (3)
Lecture/laboratory for theatre technicians to include production organization and safety, engineering, rigging, materials control and supply ordering. Offered alternate years. **Prerequisite:** THEA 3512.

THEATRE 4517. Materials and Technology. (3)
Lecture/laboratory course with a general introduction to materials to include carpentry and lumber, metalworking and welding, fiberglass construction and casting, rigid and flexible foams and thermoplastics. **Prerequisite:** THEA 3512.

THEATRE 4518. Special Technologies. (3)
A lecture/seminar/practicum in-depth investigation of selected technologies as they apply to theatre. The technologies shall be examined in their natural environment and in their relation to the theatrical environment. Topics will be selected from: pneumatics, hydraulics, plastics, metalworking, woodworking, rigging, electrical and electronic systems, computers, and others. (May be repeated for a maximum of 9 hours credit.) **Prerequisite:** Permission of instructor.

THEATRE 4565/6565. Applied Design. (3)
Application of major theatrical styles to selected production problems. Emphasis is placed on the selection of elements to recreate period styles for stage design. Offered alternate years. **Prerequisite:** THEA 4564.

THEATRE 4568. Advanced Lighting and Sound Design. (3)
A lecture/seminar/practicum investigation of the arts of lighting and sound design. Topics include: conceptual development of the design, integration with the scenographic process, survey of forms and styles, and special design problems. Practical work on either main stage or ancillary productions required. **Prerequisite:** THEA 4567.

THEATRE 4582/6582. Analysis of Dramatic Literature. (3)
Examining the script as blueprint to discover and evolve the particular components which lead to its artistic fulfillment and unity. **Prerequisites:** THEA 4551, 4552.

THEATRE 4592. Theatre Planning and Architecture. (3)
Processes and techniques employed by theatre planners in the design and construction/renovation of theatrical spaces and structures. Topics include: survey of theatre forms, historical development of theatrical structures and spaces, programming methods and procedures, specification, renovation techniques, multi-use structure concepts, and consultation procedures and practices. **Prerequisite:** Permission of instructor.

COMMUNICATION ARTS 1780. Introduction to Human Communication. (3)
Introduction to principles and processes underlying all human communication. Study of communication models, communication purposes and breakdowns, and variables related to interpersonal, small group, intercultural, and public communication.

COMMUNICATION ARTS 3322. Theories of Persuasion. (3)
Examination of the principles underlying any communication designed to influence attitudes or behavior. Topics include approaches to motivation, perception, message structure, attention, reasoning, audience analysis, persuasibility, and attitude change. Items for analysis will be drawn from speeches, advertising, radio, television and film.

DISTRIBUTIVE EDUCATION 4700/6700. Distributive Education Study Tour. (1-3)

An opportunity to gain on-the-scene knowledge about specific areas of instruction within Distributive Education. **Prerequisite:** Permission of Instructor. May be repeated, however the student should consult with major adviser to determine the maximum credit which may be applied to a degree program.

EDUCATIONAL ADMINISTRATION AND SUPERVISION 7460/8460. Response to Discrimination in Educational Institutions. (3)

This course examines the role of the educational administrator in responding to discriminatory practices in educational institutions. The course focuses on personnel policies and practices, patterns of communications, and other areas of administrative responsibilities.

EDUCATIONAL ADMINISTRATION AND SUPERVISION 8320. Higher Education Finance. (3)

The students will deal with fundamental considerations in the financing of institutions of higher education. Special attention is given to sources and methods of securing funds, development programs, procedures for budget development and analysis, and other financial and economic aspects of higher education administration.

EDUCATIONAL ADMINISTRATION AND SUPERVISION 8360. Collective Bargaining in Education. (1-3)

An advanced level in-depth examination and analysis of collective bargaining in education including history, bargaining issues (scope), educational resource data, developing proposals, table tactics and negotiations, contract language and content, impasse procedures and arbitration, role of the school principal in bargaining, legislative proposals in educational negotiations, and career opportunities in collective bargaining in education.

EDUCATIONAL ADMINISTRATION AND SUPERVISION 8380. Higher Education Law. (3)

Students will study the legal principles and significant legal constraints within which institutions of higher education function with particular emphasis on structure, personnel, programs, property and finance.

HEALTH 3402. Instructor's Course in First Aid. (3)

Advanced consideration of first aid subject matter; orientation in methods, techniques, and teaching devices in first aid courses and practical classroom experience. Successful completion of this course qualifies one for Red Cross first aid instructor's and Basic Life Support/Cardiopulmonary Resuscitation (CPR) Instructor's Certificates. **Prerequisite:** HLTH 2102 or ARC Advanced Certificate.

HOME ECONOMICS 6305. Trade Construction of Clothes. (3)

This course is concerned with clothing construction based upon sound practical adapted trade methods and techniques, in logical sequence, in the construction of most elementary garments. **Prerequisite:** HMEC 2205.

HOME ECONOMICS 6900. Home Economics Study Tour. (1-3)

An opportunity to gain on-the-scene knowledge about specific academic areas of specialization within Home Economics. **Prerequisite:** Permission of instructor. May be repeated with 3 hours maximum credit.

LIBRARY SCIENCE 6331. School Library Administration. (3)

The place of the library in the instructional and guidance program of the school and the philosophy and purposes of libraries and librarianship, including such problems as standards and evaluation, public relations and publicity, support, housing and equipment, training of assistants, and library-study hall relationships; field trips to different types of libraries.

LIBRARY SCIENCE 7202. Problems in Cataloging and Classification. (3)

Continues 4232. Emphasis is on the theory of cataloging and classification. Includes organization of special forms of materials and provides for the study of cataloging in various kinds of collections, using Library of Congress and other classification systems.

LIBRARY SCIENCE 7401. Academic Libraries. (3)

Surveys the historical development, present status, and future prospects of libraries in institutions of higher education. Typical academic library problems considered include organization and management, funding, collection development, and services.

LIBRARY SCIENCE 7402. Public Libraries. (3)

Surveys the historical development, present status, and future prospects of public libraries. Selected topics in public library service, systems, collection development, and management.

LIBRARY SCIENCE 7501. Bibliography of the Social Sciences. (3)

An introduction to the nature, scope, and distinguishing characteristics of the several disciplines comprising the social sciences. Includes examination of classic and contemporary literature, methodology, and information sources in these fields.

LIBRARY SCIENCE 7503. Bibliography of the Humanities. (3)

An introduction to the nature, scope, and distinguishing characteristics of the several disciplines comprising the humanities. Includes examination of classic and contemporary literature, methodology, and information sources in these fields.

LIBRARY SCIENCE 7801. Library Practicum. (1-3)

Supervised practice in a public, academic, or special library. Requires one month prior notice of intent and approval of department chairman.

LIBRARY SCIENCE 7991. Special Problems in Librarianship. (1-3)

Independent investigation and report of a research problem or directed readings in a selected area of librarianship under the direction of a faculty member. May be repeated with a change in content for a total of four hours.

LIBRARY SCIENCE 7992. Selected Topics in Librarianship. (1-3)

Designed for in-service training and continuing education of professional librarians in all types of libraries. Content will change as indicated by trends and problems in the field and the expressed needs of working librarians. **Prerequisite:** Library experience and consent of instructor.

THE HERFF COLLEGE OF ENGINEERING

ELECTRICAL ENGINEERING 4271. Microcomputer Applications. (3)

An introduction to common peripheral devices and interfacing techniques. Use of high level languages to aid in microcomputer system design. Microprocessor applications. Three lecture hours per week. **Prerequisite:** ELEC 4270.

ENGINEERING TECHNOLOGY 3450. Project Cost Evaluation II. (3)

A continuation of the study of formulas and techniques used to evaluate the financial alternatives to personal and industrial cost projects. Emphasis is on the analysis of the tax structure and how it influences the selection of the optimum financial alternatives. **Prerequisite:** TECH 3440.

MECHANICAL ENGINEERING 3323. Mechanical Design and Analysis I. (3)

Methodology and practice in designing machine components by integrating principles from mechanics of materials, failure theory, fatigue, economics and other principles. **Prerequisite:** MECH 3322.

MECHANICAL ENGINEERING 4315. Heating, Ventilation, and Air Conditioning. (3)

Psychometrics, heating, ventilation, air conditioning, refrigeration. Three lecture hours per week. **Prerequisite:** MECH 3312. Formerly Ventilation and Air Conditioning.

GEOLOGY 2311. Mineralogy. (4)

Introduction to crystallography and crystal chemistry. Physiochemical properties and identification of the important ore and rock forming minerals. Formerly Crystallography and Mineralogy.

GEOLOGY 2312. Petrology. (4)

Study and identifying of rocks. Examination and identification of minerals with emphasis on the rock-forming minerals are included in the studies of rocks. Two lecture and four laboratory hours per week. **Prerequisite:** GEOL 2311. Formerly Mineralogy and Petrology.

GEOLOGY 4301. Geologic Data Analysis. (3)

Use of the computer and teletype in data file construction and management, use of file with various programs, and use of statistical tests, regression lines, maps, and a classification of data sets with the aid of the computer. Two lecture and two laboratory hours per week. **Prerequisite:** Senior standing or consent of instructor. Formerly Geostatistics.

THE UNIVERSITY COLLEGE

UNIVERSITY COLLEGE 1005. Directed Study. (1-3)

Directed study at the introductory level. A student may seek permission to study under faculty direction in an area not routinely taught. This course may be repeated for maximum credit of six hours. **Prerequisite:** Application or admission to University College, or permission of the dean.

UNIVERSITY COLLEGE 3500/3599. Thematic Studies. (6-9)

Interdisciplinary seminars to be organized about significant problems, themes, or ideas. Specific course description will appear each semester in the "Addenda" section of the Schedule of Classes.

UNIVERSITY 3502. Thematic Studies. (6) Women in American Society.

This course will integrate the insights gained from literature and psychological and sociological research in order to gain an understanding of the position of women in today's society. Among the topics to be considered will be female physiology and sexuality, the nature of roles and stereotypes, women's use of certain literary genres, institutional settings as they affect women, and the feminist movement in America.

UNIVERSITY 3503. Thematic Studies. (6) Language and Mind.

Science is often feared as a destroyer of art, myth, poetry, and meaning. Instructors in this course propose to show that synthesis (words as art, myth, and meaning) is compatible with analysis (words as structures amenable to scientific description). Both science and art come from one human brain, and the process by which scientists discover order is remarkable similar to the process by which artists create ordered poems, paintings, and symphonies. The theme will be the unity-in-diversity of the creative process; the purpose will be to bridge the chasm between art and science, as it exists in the realm of language.

UNIVERSITY 3505. Thematic Studies. (6) The House That Elvis Built: Rock Culture From Memphis to Mainstream.

The course is a survey of rock music and associated phenomena as expressions of significant cultural change over the last quarter century. It concentrates on important rock figures and tendencies; in particular, the career of Elvis Presley will receive extensive analysis and criticism as that career relates, centrally and symbolically, to the development of rock music as a force for cultural expression and social transformation.

UNIVERSITY 3508. Thematic Studies. (6) Political Psychology

An interdisciplinary approach to the study of political behavior which will focus upon such aspects of political behavior as socialization, alienation, revolt, and leadership. Methods of inquiry used in political psychology will also be studied, and students will complete project utilizing this knowledge.

AUDIOLOGY AND SPEECH PATHOLOGY 7123-8123. Manual Communication I. (1)
History and comparison of various sign language systems such as Signed English, Ameslan, and Seeing Essential English, and Training in the use of manual communication.

URBAN STUDIES 4995. Urban Studies Internship. (3)
Supervised internship working with urban agencies in the city, state or national level. The internship program deals primarily with data collection and analysis on a grass roots level.

UNIVERSITY HONORS PROGRAM 3100-3199. Junior Honors Colloquium I. (3)
Interdisciplinary colloquium centering around a broad theme or topic. Specific course descriptions will appear each semester in the "Addenda" section of the Schedule of Classes.

UNIVERSITY HONORS PROGRAM 3100. Science Fiction. (3)
This colloquium will explore, through a broad selection of common readings and the services of guest lectures, some of the themes common in science fiction. Such topics as "Man's Love Affair With The Machine," "Utopias and Dystopias," and "Problems of First Contact with Alien Intelligence" are examined in detail. **Prerequisites:** Junior standing and permission of the Directory of the University Honors Program.

UNIVERSITY HONORS PROGRAM 3200/3299. Junior Honors Colloquium II. (3)
Same as UNHP 3100, except a different theme or topic will be used. Specific course descriptions will appear each semester in the "Addenda" section of the Schedule of Classes. **Prerequisites:** Junior standing and permission of the Director of the University Honors Program.

UNIVERSITY HONORS PROGRAM 3201. Junior Honors Colloquium II — The Romantic Rebellion. (3)
A colloquium, this course will consider in historical context several major themes of The Romantic Movement. Some are: "Napoleon as Hero," "The Politics of the English Romantics," "Romantic Nationalism: The Italian Model," "Wagner, Liszt and Schumann," "Romanticism in Architecture," and "Madame Bovary: The End of Romanticism."

UNIVERSITY HONORS PROGRAM 4200-4299. Senior Honors Seminar II. (3)
Same as UNHP 4100, except a different theme or topic will be used. Specific course descriptions will appear each semester in the "Addenda" section of the Schedule of Classes. **Prerequisites:** Senior standing and permission of the Director of the University Honors Program.

UNIVERSITY HONORS PROGRAM 4200. Senior Honors Seminar II — Life in the Universe. (3)
An examination of the possibilities for intelligent extraterrestrial life, including an evaluation of what constitutes intelligent life, the conditions necessary for the evolution of such life, the probability that such conditions exist, and the implications of extaterrestrial intelligence for humans.

UNIVERSITY HONORS PROGRAM 4300. Senior Honors Thesis. (3)
In lieu of one of the above courses, the honors student may write a thesis on a topic approved by the University Honors Council, and directed by a faculty committee chosen by the student and approved by the Honors Council. **Prerequisites:** Senior standing and permission of the Director of the University Honors Program.

SUMMER WORKSHOPS AND STUDY TOURS

PRE-SUMMER SESSION

Film Festival in Health Education
- HLTH 7142 — Health Education Film Festival (3)
- Contact Dr. Michael Hamrick (454-2319)

Outdoor Education Workshop
- RECR 4705 — Workshop in Recreation and Parks (Programming in Outdoors Education) (3)

Bucky Barrett,
Nashville, Tenn.
Studio Musician & Teacher

"YOU CAN'T MAKE THE SCENE UNLESS YOU CAN MAKE THE SOUND."

Bucky Barrett has been a professional guitar player for 17 years, playing road dates and concerts. Two years ago he decided to settle in Nashville to make it as a studio musician.

"It sure is hard for young professionals to get started on the road," says Bucky. "A lot of young people don't have the kind of cash you need. But a young player can't really make the music scene unless he can make the sound. That's why you need a first-class instrument."

Bucky, who owns a Hohner HG-360, thinks that Hohner's Limited Edition guitars meet the young professionals' needs. He purchased his Limited Edition instrument when he discovered it had a slightly "different," unique sound. "I really discovered 'my sound' with that instrument," he says. He uses the Hohner whenever he has the opportunity to add something personal and creative to his work. "I was also surprised by its low price!"

"I do lots of commercials, jingles and records and TV appearances. A lot of times, they want the standard sound from any guitar. But sometimes, I'm asked to do things a little different—make something stand out. That's when I use my Hohner." He used the instrument on the rhythm track of "The King Is Gone," a record that has already sold several million copies.

"It's a good instrument," says Bucky. "For me, it's my 'signature' sound now. And that's really what you need to make it in this business."

WHEN YOU'RE LOOKING FOR THAT BIG BREAK, HOHNER CAN BE INSTRUMENTAL.

EARN OVER $650 A MONTH RIGHT THROUGH YOUR SENIOR YEAR.

If you're a junior or a senior majoring in math, physics or engineering, the Navy has a program you should know about.

It's called the Nuclear Propulsion Officer Candidate-Collegiate Program (NUPOC-C for short) and if you qualify, you can earn as much as $650 a month right through your senior year. Then after 16 weeks of Officer Candidate School, you'll receive an additional year of advanced technical education. This would cost you thousands in a civilian school, but in the Navy, we pay you. And at the end of the year of training, you'll receive a $3,000 cash bonus.

It isn't easy. There are fewer than 400 openings and only one of every six applicants will be selected. But if you make it, you'll have qualified for an elite engineering training program. With unequaled hands-on responsibility, a $24,000 salary in four years, and gilt-edged qualifications for jobs in private industry should you decide to leave the Navy later. (But we don't think you'll want to.)

Ask your placement officer to set up an interview with a Navy representative when he visits the campus, or contact your Navy representative at 521-3124
If you prefer, send your résumé to the Navy Nuclear Officer Program, Code 312-B599, 4015 Wilson Blvd., Arlington, Va. 22203, and a Navy representative will contact you directly.
The NUPOC-Collegiate Program. It can do more than help you finish college: it can lead to an exciting career opportunity.

NAVY OFFICER. IT'S NOT JUST A JOB, IT'S AN ADVENTURE.

MINI COLLEGE PROGRAM

Mrs. Ethel Hudson, Coordinator
Office: Suite 265 — Administration Building

Move Into A New Identity (MINI) is a program for mature men and women who want to resume or begin their college education but are unable to attend classes under the regular schedule. The MINI College offers personal, individual handling of admissions and registration procedures and special classes and teachers to ease the trauma of becoming a college student. For more information, contact Mrs. Ethel Hudson at 454-2381.

OFF-CAMPUS REGISTRATION CALENDAR

For additional information concerning off-campus academic credit courses and non-credit courses, contact the Continuing Education Office, telephone 454-2700.

LOCATION	DATE	TIME
NAS, Millington - Duggan Hall	January 2, Tuesday	5:00 p.m. - 6:30 p.m.
Jackson - Jackson State Community College	January 3, Wednesday	4:00 p.m. - 6:00 p.m.
Jackson (late) - Jackson State Community College	January 11, Thursday	4:30 p.m. - 6:00 p.m.

Times and places of registrations at other off-campus locations are to be announced. MINI College registration begins on December 18 (or after receipt of registration packet following clearance through Admissions or Readmissions.) Students should obtain clearance by December 1. Registration may be accomplished in Room 265, Mrs. Ethel Hudson's office, Administration Building (Continuing Education Office). Students should telephone (454-2381) beforehand.

Late registration fees are assessed beginning on the first day of classes or the first scheduled late registration thereafter.

All appropriate calendar deadlines are the same for off-campus academic credit courses as for on-campus courses. See "MSU Semester Calendar." However, off-campus instructors at Jackson should turn in grades to Mr. McAlpin on the Friday before grades are due in the Records Office.

HIGH BIAS.

These cassette deck manufacturers use SA as their reference for the High(CrO_2) bias/EQ setting:

AIWA • AKAI • CENTREX • JVC
KENWOOD • MERITON • NAKAMICHI
OPTONICA • PIONEER • ROYAL SOUND
SANSUI • SHARP • TEAC • TOSHIBA
UHER • YAMAHA

And are joined by these in recommending SA for use in their decks:

BANG & OLUFSEN • DUAL • FISHER
HARMAN/KARDON • LAFAYETTE
SANKYO • TANDBERG
AND MANY OTHERS.

There's been a quiet revolution going on in the cassette world. □ Leading makers of quality cassette decks have adopted TDK SA as their reference standard tape for "High" (CrO_2) bias and equalization settings. Why TDK SA? Because TDK SA's advanced tape formulation and super precision cassette mechanism let them (and you) take full advantage of today's advanced cassette deck technology. □ In addition, a growing number of other companies are recommending SA for use with their machines. □ So for the ultimate in cassette sound and performance, load your deck with SA and switch to the "High" or "CrO_2" bias/EQ settings. You'll consistently get less noise, highest saturation and output levels, lowest distortion and the widest dynamic range to let you get the best performance from any quality machine. □ But you needn't believe all this just because we say so. All you have to do is check our references.

THE JVC CASSETTE DECK.

It gives you more of what other decks wish they could.

The new JVC cassette decks thoroughly reinforce our reputation for innovative engineering and design. Some include our exclusive new Spectro Peak Indicator System to help you visually monitor the entire musical spectrum. So you can set the highest recording levels and get the most from your cassettes. Our superior Super ANRS noise reduction system also gives your recordings wider dynamic range. And our JVC-designed Sen-Alloy head is both sensitive and durable. Some models even let you "fine tune" their high frequency response to specific kinds of cassette tapes. See all 10 models at your JVC dealer and hear for yourself.

JVC

JVC High Fidelity Division, US JVC Corp., 58-75 Queens Midtown Expwy., Maspeth, NY 11378. Canada: JVC Electronics of Canada, Ltd., Ont.

Whether you've spent $300 or $3000 for your stereo system, there's a lot of music on your records and tapes you've probably never heard. And we can prove it.

Take a favorite recording with a wide range of program material to your audio dealer's. Ask him to connect up a system that closely resembles your own, adding a pair of Sennheiser headphones. And listen. With tone controls set flat, alternate between speakers and headphones at various volume levels. And compare.

Even if the speakers are the very best in the house, you'll be surprised to discover how much better our headphones sound. In terms of wide, flat response. Low distortion. Greater detail. And sheer intimacy with the music. At the same time, you'll discover how the patented lightweight design of Sennheiser Open-Aire® headphones lets you hear all the music in comfort, without sealing in your ears. Now, look at our price. Once you do, we think you'll agree that a little Sennheiser is an inexpensive way to enjoy a lot of improvement.

Add a lot of music to your life. In just a little bit of space.

The Sansui GX-5 rack is the perfect way for you to enjoy the exciting world of high fidelity without crowding your living space. It's designed to hold a complete music system and still have room for your favorite records and tapes.

Sansui's GX-5 is functional and beautifully crafted too. Height adjustable clamps let you arrange your components most conveniently. You can move your sound system easily from place to place because the GX-5 stands on casters. And the 19" width lets you mount any standard rack mountable components.

Create your own special system by choosing from Sansui's full line of elegant black face units, AU amplifiers, SC cassette decks, SR turntables and TU tuners. Sansui also offers two complete lines of high quality loudspeakers and an exciting new mixer-with-reverb for complete creative recording control.

Be sure to visit your Sansui dealer today. Select the rack system that meets both your budget and listening needs; and add a lot of pleasure to your life.
